

# Asia-Pacific Farmers' Forum promotes 2015 International Year of Soils

## Healthy Soils for a Healthy Life

The soil is a living system which sustains humanity. Family farmers keep the soils healthy and fertile through sustainable, agro ecological and organic approaches. Land is life, livelihood and culture. Respect, promote, protect and fulfill the family farmers' rights to their lands and forests.

**Support family farmers in Asia and Pacific and unleash their potentials for poverty reduction, food sovereignty and nutrition security.**
